

Give • Go • Watch it Grow!

February 26, 2010

Dear Friend,

It seems like every one of our 25 mission trips to Nayarit, Mexico are unique and different.

The May 20 to 24 trip is exactly that. **We need construction workers familiar with blocks, cement, rebar and sand. No experience is required to carry block, push a wheelbarrow, etc.**

Why??? We are building an 8,000 square foot phase 1 of our community center and church. We will use this to care for the community, teach English, use the Sunday school rooms for our Medical, Dental and Vision clinics, plus children's ministry and more. And did I mention, have church?

The early stages of construction have already begun, and we look forward to seeing the progress made by our Pastor's Keith and Maya Durkin, and the hard working staff of La Fuente Riviera.

Another great opportunity this trip is we will be joining with a team from Florida who are installing a fun Kids Around the World playground that they have donated to our church. Chris Marshall, a COC board member, is a missionary with "KATW" and installs playgrounds & trains Sunday School teachers all over the world. He will be heading up the playground build, and we will be staying at the same hotel and look forward to a combined effort of ministry.

Chris has ordered a large container that will ship out the end of March.

Our container has room for the playground, a plethora of bibles, 10 wheelchairs, 1,000 plus reader glasses and some sunglasses, photo frames, children's ministry materials, hopefully some new toys and we can take new clothes, NOTHING USED. I was hoping to get a good cement mixer to put in the container. We must fill it before March 31st. Email or call me if you can send anything for the container.

Our southbound flight on Alaska Air has only 6 tickets left but we can book space on Mexicana Air.

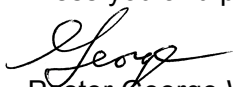

Can you come? You can sign up online on our site www.circleoc.com. Here you'll find application forms and the ability to pay securely online.

Other ways you can help?

- **Give to help us fill the container with bibles, children's ministry materials, the 1,000 eyeglass readers and more.**
- **A \$59 donation allows us to hire 1 expert Mexican cement worker and a laborer for 1 day. Just think that a \$590.00 donation gives us 20 workers for a day!**
- **You can help build the church for \$50 per square foot. \$100 buys two square feet.**

You can give your gift online or mail it to the address below.

Bless you and please pray for this trip. Any questions feel free to call or email me.
